That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

MILLIONAIRE MISER.

Pleading for mercy, James S. Sterrett, millionaire, stood before Justice Scheer in Erie, Pa., one afternoon last week and told much of his personal history, but not until he was threatened with jail.

Sterrett, whose age is 86, had been arrested by an officer of the health department for failure to have water connections in his living quarters. His habitation had become so unsanitary that the authorities were compelled to act. When arraigned and asked if it was a fact that he had not had water turned on in his rooms during the past 12 years he replied: "I am a very old man. I cannot afford to spend recklessly what I have worked years to get. I have to live economically and cannot afford to pay water rent."

"Mr. Sterrett," asked the judge, "how much are you worth. What do you value your possessions at?"

Buttoning his threadbare coat to the neck, the old gentlemen cleared his throat and replied: "I don't exactly know; I had 30 houses and lots in this city, but I gave them all away. I own about 40 houses now, and 6 brick blocks. There are 10,000 acres in my farm in the State of Minnesota, and I own a block in Chicago that I would not sell for $100,000. I don't think I am worth more than $2,000,000, and if I should lose that I would have to go to the poorhouse."

"Where do you get your water?"

"I can't afford to buy it," whimpered the old man. "I go over to fountains in the park and get a bucket or two at a time. I take that over to my room and use it to drink and wash with. It answers the purpose and does not cost me anything."

"Where do you eat?" inquired the judge.

Sterrett hesitated for a moment, but after wiping his eyes replied: "I did take my meals at the Arcade, but I can't afford to eat there now. I lost some money lately, so now I eat at the Three-cent Lunchroom. I can get a good meal there for nine cents, and as I only have to eat twice a day, all it costs me is 18 cents for my meals."

Asked about what he generally eats, the prisoner gave the following bill of fare: Coffee, 3 cents; bread, 3 cents, and on rare occasions a 5-cent steak. He never pays over 12 cents for a meal, and generally gets one for from 6 to 9 cents. Among other statements he said that he purchased his clothes at a local second-hand store, and that during the past 15 years he has not paid out more than $75 for clothes all told.

The old man was fined $25 and costs —$27 in all. He plead pitifully for mercy. The justice was inexorable, however, and he finally paid the assessment.

Sterrett's only recreation, so far as has been observed, is in attending funerals and being present in trials in the criminal court when racy testimony is offered.

AUTOMOBILE DISASTERS.

An automobile containing a party of five persons from Bristol, Ct., collided with the New York-Pittsfield express at Ashley Falls crossing, near Great Barrington, Mass., yesterday. Three of the motoring party were killed and the other two probably fatally injured. The express train was going nearly 60 miles an hour, and the automobile was also running at a rapid rate. The accident occurred on a crossing which is almost at right angles. The driver is deaf, and it is claimed he did not hear the car until the crossing was reached. People on the car say that the machine had been racing the express for about half a mile. A part of the automobile was carried 500 feet and the wreckage was terrible.

Dashed over a 20-foot embankment by a sudden swerve at a turn in the road between Pleasantville and Mays Landing, N. J., yesterday, a big automobile in which James H. Sook, of Lancaster, Pa., and his two sons were driving from Atlantic City to Townsend Inlet, turned turtle and threw the three into a gulley. The chauffeur, who was handling the wheel when the accident occurred, was pinned under the overturned car, which caught fire, and was only saved from death by the arrival of a farmer, who pried the heavy machine from the injured man's body in time to save him from being roasted.

A cigarette butt, carelessly tossed into the body of an automobile standing at the foot of Virginia avenue, Atlantic City, last night ignited a leaking gasoline tank and caused flames to shoot high in the air, subsequently destroying the machine. A chauffeur for a New York automobilist saved an explosion by shutting off the flow of gasoline, and suffered severe burns of the hands and arms in consequence.

By reason of an automobile skidding and running into a telegraph pole about three miles north of Cape May, N. J., yesterday, one of the occupants, Prof. Howard T. Marsteller, principal of Pleasantville, (N. J.) schools, was probably fatally injured. Four other persons in the machine escaped injury.

AERONAUT KILLED.

Theodore French, an aeronaut, was instantly killed Saturday afternoon in West Haven Conn., after he had made an ascent in a balloon in the presence of thousands of spectators. French went up in the baloon with a sheet-tin cannon large enough to admit his body. At a signal from the amusement park, French was to cut away the cannon from the balloon and descend in it while it was suspended from a parachute. In the descent he was to discharge a revolver and drop from the cannon in a second parachute. When the balloon soared to a height of several hundred feet French cut the cannon away with himself in it. It swung clumsily for a moment and he appeared to have trouble in managing the contrivance. No discharge of the revolver was noticed and the decending parachute, with dangling cannon, swept inland, dropping lazily. Suddenly anxious watchers saw French drop straight as a plummet, clinging to a parachute that he dragged after himself out of the cannon. But the parachute failed to open. French fell on the roof of a low building and fractured his skull. The cannon fell a few feet from where he was picked up.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

MONDAY EVENING, AUG. 19. 1907.

CARDINAL GIBBONS, like all observing and thoughtful people, realizes the fact that the Christian Church is passing through the Laodicean age. He believes that the increase of wealth in America is far surpassing the spread of religion. The cardinal in an interview recently at Southampton, L. I., where he is spending the summer, said:

The man of wealth no longer seeks the kingdom of God. He finds his kingdom and the joys thereof on this earth. Wealth is spreading faster than the religion of Christ. It can be said of the great majority that they are indifferent as to their spiritual welfare—they prefer the things of the earth, of which they have an abundance. In the luxury of our civilization they heed not the hereafter. They are blinded to the truth. It is to the poor and the lowly that the church looks for the maintenance of the spirit of religion.

The great apostle to the Gentiles at the dawn of the Christian era called attention to the fact that not many wise, not many mighty, not many noble were among the disciples in his day, and another New Testament writer declares that the poor have been chosen rich in faith and heirs of the kingdom. Cardinal Gibbons finds similar conditions prevailing at the beginning of the twentieth century.

THE highest points of luxury yet attained by the transatlantic steamships is marked by the new Cunarder, Lusitania, which has recently been completed in England, and which will next month make her maiden trip to New York. One of the new features of this floating hotel will be a "Veranda Cafe," so situated as to give an unbroken view astern, and where passengers can dine completely sheltered from the wind and yet enjoy the sea air, and with an outlook of ocean and sky alone. There are also two "regal suites," where, for $2,000 per trip, one can install himself and a small family in a perfectly appointed flat, consisting of drawing room, dining room, two bedrooms, a bath and a pantry, with special and exclusive service. All the rooms are commodious and exquisitely decorated. The guaranteed speed of the ship is 21 knots an hour, and she is expected to considerably exceed this figure.

FOND DU LAC, Wis., requires pictures of blacklisted persons to be placed behind the bars of saloons prohibited from selling liquor to them. These pictures have been posted, and the police have strict orders from the mayor to see that the prohibition is enforced. Should other cities pass a similar law wives whose lives have been made miserable by drunken husbands could have snapshots taken of the latter and distributed in all the saloons of a city or town, and a formidable movement would thereby be inaugurated toward bringing about better conditions.

JUDGE HUNT, in the federal court at Helena, Mont., has decided that one telephone company may not withhold the use of its lines from another, and the decision is likely to be regarded as a precedent throughout the country. The Montana and Wyoming and the Mutual telephone companies had asked the courts to compel the Rocky Mountain Bell Telephone Company to furnish connections at reasonable compensation. The judge so ordered, and named a commission to fix the division of charges.

AS HERETOFORE stated the British House of Commons on Thursday passed the deceased wife's sister bill and sent it to the House of Lords, which has repeatedly rejected similar measures. For more than half a century a movement has been on foot in England to repeal the law prohibiting marriage with the sister of a dead wife. Once, in 1896, a bill for this purpose passed the Lords, but did not come up in the lower house.

Washington, Aug. 19.

United States Minister Russell, at Caracas, cabling through Wilnelmstad to the State Department, confirms the report of the assessment of a large fine by the Venezuelan courts against the New York and Bermudez Asphalt Company. He says that a verdict was rendered against the company for 5 million dollars on account of its participation in the Matos rebellion. In addition Minister Russel says that the court authorized the appoint of assessors to asses damages against the company in five other particulars such as the loss of revenues because of the revolution, the killing of Venezuelan citizen, etc. From this decision of the court, which was apparently the court of first instance, the company can take an appeal to the Superior Court, then to the Federal Court and finally to the Court of Cassation.

The question as to whether the Chicago & Alton Railroad is entitled to immunity from prosecution on account of alleged assistance given the government in the recent case against the Standard Oil Company at Chicago is being discussed today by the Attorney General, in conference with United States District Attorney Sims, of Chicago, special Assistant District Attorney Wilkerson and former Attorney Morrison.

The dispatch boat Dolphin has arrived at the navy yard here ready to take on board the members of the House committee on naval affairs who are to make an examination of the navy yards on the Atlantic coast. Chairman Foss of the House committee has informed the department that he and seven other members of the committee will make the trip, none of the members of the Senate committee being able to join them. The Dolphin will proceed as far north as the Portsmouth, N. H. yard, leaving here August 21st.

Secretary of War Taft before leaving on his trip around the world carefully reviewed all of the testimony in the case of Lieut. Col. Tucker, of the army pay corps, who has been charged with irregularities by Mrs. Mary Logan Tucker, his wife, in connection with women in the Philippines and elsewhere. The Secretary arrived at the conclusion that there was not sufficient evidence to warrant action by the War Department. There are some charges, however, affecting the colonel's conduct in the Phillipines which Inspector General Garlington is now investigating in the islands. Accordingly final action in the case has been postponed.

Several problems of interest to the labor word, particularly the telegraph strike, will be discussed at the quarterly meeting of the executive council of the American Federation of Labor which was called to order today by President Gompers. All the members of the council were present. President Gompers and Vice Presidents John Mitchell and Daniel J. Keefe were selected as a committee to endeavor to secure a settlement of the differences between the commercial telegraph companies and the strikers. After brief consideration of the strike and the appointment of the committee, the council received a number of reports from President Gompers as to the outcome of labor difficulties during the last six months.

The report of the State Auditing Committee was submitted to the Governor Saturday. It is a severe condemnation of the methods of keeping the States accounts; recommends that the office of Second Auditor be consolidated and made a branch of the First Auditor, and finds many irregular practices in the Department of Agriculture, holding that the commissioner and members of the board are equally censurable for the methods existing. No defalcation is found in any department.

Some of the friends of Representative William A. Jones of the First district insist that he will be a candidate for the gubernational nomination. If Mr. Jones is a condidate, then it is said Harry St. George Tucker will not aspire. If Mr. Jones is not a condidate then Mr. Tucker is in the contest. That makes just five avowed candidates at this time—and the campaign is more than eighteen months off. They are Judge William H. Mann, of Nottoway; Henry C. Stuart, of Russell; Judge R. T. W. Duke, of Charlottesville; Representative Carter Glass, of Lynchburg, and Harry St. George Tucker, of Rockbridge. Then there is Col. Robert E. Lee, jr., of Fairfax, who is said to be contemplating making the race.

More Trouble in Venezuela.

Caracas, Venezula, Aug. 19.—Retaliatory measures will probably be resorted to by the Venezuelan authorities as a result of the invasion of Venezuelan territory by a British force from British Guiana, and the seizure of 4,000 pounds of balata (the gum of the bullet tree, used for insulating wires, etc.) at the point of guns.

President Castro is understood to have already made representations to the English diplomatic representative here. Unless a diplomatic understanding is reached shortly, it is feared Castro will send an expedition to recover the gum by force or to attack the English residents.

The pretext for the English invasion was that the gum seized has been collected in British territory.

Advices from Washington are eagerly awaited here as there is the greatest interest to know what view the United States authorities will take of the invasion. That serious results will follow the raid is the opinion of the people generally.

At the Euclid Avenue Baptist Church, at Cleveland, O., yesterday, Mr. John D. Rockefeller sat in his pew and heard Rev. Myers suggest that he make a gift of $100,000,000 to Christian Evangelism. At the plenary sitting of the peace conference at The Hague on Saturday a resolution proposed by Sir Edward Fry (British) was adopted unanimously as follows: "This conference confirms the resolution adopted by the conference of 1899 regarding the limitation of military burdens, and as military burdens have been considerably augmented in almost all countries since 1899, it declares it is highly desirable to see the governments earnestly resume the study of this question."

Almost in a riot, the general assembly of Georgia adjourned at 4 o'clock Sunday morning after having been in continuous session nearly twenty hours. The riotous scenes were due to the hard fight it was necessary to make to put through some of the measures which Gov. Hoke Smith had advocated. Through the personal exertions of Gov. Hoke Smith, the Senate after defeating the measure increasing the membership of the State railroad commisson in order to give the executive control was induced to reconsider its action. The governor's action was warmly denounced by several members. The governor failed to secure bills against lobbyists and free passes. Anti-lobbying and anti-pass bills passed both houses, but failed because the house and senate could not agree. The governor also failed to get through his bill putting an income tax of 1 per cent on the gross receipts of railroads and other public-service corporations.

ASSAULT ON DR. COLE.

Randolph Cheshire, aged 45, of 728 Eighth street northeast Washington, was arrested Saturday night on a charge of assaulting with a cane Dr. John Cole, of 820 H street northeast. Dr. Cole, describing the alleged assault, told the police that he received several requests at his office during the day that he call at Cheshire's home. When he reached the house none of the occupants knew anything of the calls, and denied that anyone at the place needed medical attention. The doctor says he returned to his office and had been there but a few minutes when Cheshire appeared at the place in a very excited condition. "Are you ready for that thrashing yet?" he exclaimed, and, lifting his cane above his head, is said to have started for the doctor. Dr. Cole managed to get the man quieted, however, in a few minutes, and dispatched his son for a policeman. Cheshire was carried to the Ninth Precinct Station, where a charge of assault was placed against him. About a year ago Cheshire is alleged to have shot himself in the chest. The wound came near proving fatal, and for months he was confined to his bed, during which time Dr. Cole was in constant attendance.

LETTER TO R F KNOX.

Alexandria, Virginia.

Dear Sir: Say milk is worth 8c a quart.

If ½ water and sold at 8c, the milk in it fetches 12c a quart.

If ¼ water, 16c.

If ⅓ water, 24c.

If ⅜ water, 32c.

That's rather too stiff for milk; but watered paint is sold in all those proportions.

Pure paint (Devoe) is sold for $1.75 a gallon.

"Paint" at that price and ½ whitewash fetches $3.62 a gallon for the paint part of it.

"Paint" ½ whitewash fetches $3 50 a gallon for the paint in it.

"Paint" ¾ whitewash fetches $7 a gallon for the actual paint it contains.

And people are paying all these prices for paint, when they buy adulterated paints. There are 100 such: only 8 pure paints; only one Devoe.

Yours truly,

42 F W DEVOE & Co.

Carlin democratic nominee for Congress in the Eighth district, who is at Mount Elliott Springs, Augusta county, in an interview says he expects to increase the democratic majority in the Eighth district at the November election. Moors Repulsed.

London, Aug. 19.—The expected attack by Moors on Casablanca was made today, but repulsed after fierce fighting with tremendous loss to the natives, according to a dispatch from Morocco to the Evening News.

Lack of ammunition finally compelled the Moors to give up the attack.

The attack followed the ultimatum delivered to General Drude on Saturday demanding his immediate surrender, under penalty of the town being destroyed and the French exterminated.

Thousands of Moors participated in today's assault on the town. Time and again the natives charged in the face of a terrible fire from the rapid fire guns and the great guns from the warships in the harbor. Repulsed in one attack they waited only long enough to re-form their forces before pressing forward to a new attack.

Terrible execution was wrought among the Moors, but as fast as the front ranks were moved down, fresh forces took their places.

Finally, without ammunition to press the charge, the natives were forced to give up the attempt to take the town.

London, Aug. 19.—One French soldiers was killed at Casablanca by Moors yesterday, according to a dispatch to the Reuter Telegram Company. The natives ambushed a small party of foreign soldiers during an attack on the city wounding several of the party in addition to the one man killed. Reinforcements hurried to the spot and drove off the Moors.

The Telegraphers' Strike.

New York, Aug. 19.—"We begin the second week of the strike with redoubled enthusiasm, and expectation of success," said Daniel L. Russell, chairman of the board of Stratery of the telegraphers' union, today.

"The companies are bluffing the people, and are making a bluff to a certain degree, but it can't hold up long. The public will soon force the companies to surrender."

Considerable comment was caused by the statement of Vice President Nally of the Postal Company, that that company will take this opportunity to rid itself of "undesirables" who have been kept for sentimental reasons.

Officials of both companies said today that they are working better than at any other time since the strike.

Chicago, Aug, 19.—After several enthusiastic Sunday meetings the striking telegraphers are determined to stick together until their fight is won.

The fight has now settled down to a stage of siege. If the strikers can raise the money to support their forces they say they will win.

Chicago, Aug. 19.—The first strike against brokers was declared at one o'clock this afternoon against Sidney C. Love & Co. when the 48 hours given them to sign the Union wage scale expired. Ten men walked out. About fifteen brokers are expected to be declared unfair and it is estimated that 150 men strike in their offices this afternoon.

At noon President Small of the Telegraphers Union, instructed the cable operators in every American station to hold themselves in readiness for a strike order. Similar instructions were conveyed to 300 electricians employed by the American Telephone and Telegrabh Company.

Lynching Frustrated.

Meadville, Pa., Aug. 19.—After thwarting an attempt at lynching Sheriff Marshall, of Crawford county, today has in his custody a tramp accused of an assault on 14-year-old Alma Whitehead, daughter of Rev. R. C. Whitehead, pastor of the Methodist Church at Turnersville, Pa. The child was accosted by the tramp Saturday evening. Posses searched the woods and swamps for her all night. Early yesterday, the child dragged herself to the general store at Simons, Pa., and fell fainting on the floor. When revived she told a pitiful tale of treatment. She had been held a captive in a cornfield all night and prevented from crying out by threats of death. The child is rallying slowly, and is expected to recover. The assailant of the girl was hunted down by hundreds of farmers, assisted by Ohio and Pennsylvania county officers. Finally detective John Lacy, of Meadville, captured a fugitive, supposed to be the girl's assailant, about midnight. He turned him over to Sheriff Marshall and he was hurried away to Meadville to prevent lynching. The man under arrest gives his name as H. J. Wiener, and refuses to give any accounnt of himself.

National Association of Manufacturers.

New York, Aug. 19.—James W. Van Cleave, of St. Louis, President of the National Association of Manufacturers, is presiding today over a meeting of representatives of delegates of various employers' associations called at the Waldorf-Astoria to form a national federation of employers.

The movement started with a resolution adopted by the Manufacturers Association in 1907 to finance a council to serve as a means of harmonizing and federating the various national and State organizations of employers, merchants, and citizens and to secure co-operation in a campaign "for the promotion of industrial peace and mutual good will."

It is the intention of the organization to establish bureaus to report on industrial conditions and distribute laborers. Violations of law and especially violence or intimidation by labor unions will be reported, and if necessary aid will be lent to national and State authorities in enforcing the statutes and punishing their violators. The principal weapons will be education and publicity.

The "summer tourists" are returning to their homes, and many of them are glad to get back.

"That's My Job," Says Wife.

Des Moines, Iowa, Aug. 19.—Because he asked his stenographer to sew the buttons on his vest, Elwood Austin Royer, one of the organizers of the cranberry trust in America, lost his beautiful wife in the divorce courts. Mr. Royer is one of the society leaders of Des Moines. Judge Howe granted Mrs. Royer a divorce on a charge of cruel and inhuman treatment. "I was in a hurry to join my wife at dinner one day, while she was at the office," said Royer, "and I tossed my white vest to my stenographer and asked her to sew the buttons while I changed collars. Imagine my chagrin when my wife darted forward and grabbed the vest, saying:

"Here, that's my job!"

"The whole force saw it, and I was greatly humiliated."

New York Stock Market.

New York, August 19.—The stock market after an irregular opening developed considerable strength and during the first hour prices ruled sustantially above the figures of the opening. The buying was characterized as extremely good and was based largely on the assumption that the speeches of Taft and President Roosevelt will be reassuring. The features of the early market were in the Hill stocks, the Union Pacific, Copper and Reading which advanced all the way from 2 to 3½ points.

After the first hour the market quieted down somewhat and prices generally reacted.

JUDGE BARLEY RESIGNS.

An hour after the Gazette went to press on Saturday evening, Mr. James R. Caton, member of the house of delegates from this city and county, received a telegram from Gov. Swanson stating that Judge Louis C. Barley had tendered his resignation as judge of the Circuit courts of this city and counties of Alexandria, Fairfax and Prince William, to which he had been temporarily appointed by the Governor, and that he would hear Mr. Caton this morning with reference to the appointment of a successor. A similar telegram was sent to Judge J. K. M. Norton, but the latter was not in the city. Mr. Caton stated that the telegram from the Governor was in accordance with a promise to himself and Judge Norton that they would be given an opportunity to present the claims of Mr. John M. Johnson, of this city, for the judgeship if Judge Barley should decide to leave the circuit bench at any time before the legislature meets in January.

Judge Barley is spending his vacation in Augusta county, and his reasons for resigning so suddenly are not known here.

Announcement of Judge Barley's resignation was received with surprise here and there are all sorts of rumors of a "deal," etc.

Judge Barley was designated by Gov. Swanson last March to fill the vacancy caused by the resignation of Judge C. E. Nicol, who left the bench to enter the race for the democratic nomination for Congress. At that time and since Mr. Johnson's friends have been urging Gov. Swanson to appoint him, but the Governor has repeatedly stated that he would not make an appointment as long as Judge Barley elected to remain on the circuit bench.

Another candidate for the position is Mr. J. B. T. Thornton, commonwealth's attorney of Prince William county. It is understood that Gov. Swanson has intimated that a good man from one of the counties would be given the preference over a city man if he received the indorsement of a majority of the bar. There is considerable interest here and throughout the district in the matter, and the probable action of the governor is the subject of a good deal of discussion and conjecture.

Notwithstanding the fact that Mr. Johnson has been indorsed by the bar associations comprising this judicial district and by over 700 prominent citizens of Alexandria, many believe the Governor will appoint Mr. Thornton to the position.

Judge Norton, Mr. J. R. Caton and Mr. S. P. Fisher left here today for Richmond to urge Gov. Swanson to carry out the wishes of the people of this district and appoint Mr. Johnson. The latter is now at Atlantic City, where his daughter is quite sick.

It is said here that Mr. C. C. Carlin will in all probability be the referee in the judgeship matter.

Nothing had been heard from Richmond concerning the matter up to 4 o'clock this evening. Some think the Governor will hold the appointment up for a few days and then appoint Mr. Thornton.

CAMP MEETING ECHOES.

While some Alexandrians were on their way home from a camp meeting near Woodlawn, Fairfax county, last night, a difficulty occurred, which culminated in one of the party, Harrie Simpson, being struck on the head and seriously injured by Milford Self. Simpson was brought to his home in this city where he was attended by Dr. Klipstein who found that his skull was fractured and one of his eyes injured. It is said that Self struck Simpson with a cobblestone, and that the fight was the outcome of a previous difficulty. Self appeared in this city last night, but was not arrested, as the trouble occurred in Fairfax county, several miles below this city.

Among the cases in the Police Court this morning was that of a colored man who had been picked up on the streets last night in a drunken condition by two policemen. The accused when asked if he had anything to say in his defense, replied that he had been to a camp meeting and "gotten full." He was fined $2.50

THE CHURCHES.

At several of the churches yesterday the services were conducted by visiting ministers, taking the places of pastors who are away on their vacation. At the Second Presbyterian Church Rev. L. F. Ross, of Lamar, Mo., was expected to preach, but he was taken ill and was unable to reach this city, so no services were held there. Rev. Dr. S. A. Wallis, of the Episcopal Theological Seminary, preached at the morning services at Christ Church, and Rev. L. R. Combs preached at St. Paul's church. Rev. W. L. Lynn occupied the pulpit at the morning services at Trinity M. E. Church. At the Washington Street M. E. Church South Rev. J. H. Balthis preached at the morning services and Rev. J. Fred Peake delivered the sermon. The services were not largely attended as many of the congregation take holiday, when their pastors do.

SUIT.

Dorothy Bordner, of Alexandria, instituted suit in the District Supreme Court Saturday against the Washington, Alexandria and Mount Vernon Railway Company for $15,000 damages for alleged personal injuries received. It is stated in the declaration that on June 23, 1907, at Four Mile Run, Va., the car upon which she was riding came into violent collison with another car, throwing her out of her seat and to the ground. It is said that the cars were so negligently and carelessly operated by employes and agents of the defendant that complainant received permanent internal injuries as well as many minor bruises and cuts upon the body.

Mrs. Julia Davies, wife of Mr. H. B. Davies, died at her home, 1917 Duke street, this morning. The deceased was 40 years old. She was a daughter of John and Eliza Kidwell.

SUICIDE OF MR. ROBERTSON.

Mr. T. Bolling Robertson, about 55 years old, committed suicide in the home of Mrs. Anna H. Hunter, 407 Fourth street, northwest, Washington, yesterday afternoon. His body was discovered in his room at that address shortly after 6 o'clock in the evening by Laura Hobart, a servant. The police were notified, and came to the conclusion that he must have shot himself during the early part of the afternoon.

The cause is thought to have been despondency. On the back of a letter which he had received from his mother in Alexandria on March 30, Mr. Robertson had written this farewell message: "God bless you and mother." He addressed the message to his brother, H. F. Robertson, of this city, and placed it upon a dresser in his room. The shot which he fired took effect in his right temple. When found he still grasped the revolver in his right hand. A brother Mr. Henry Robertson, was notified, and took charge of the body. Coroner Nevitt gave a certificate of death by suicide.

Mr. Robertson had been rooming at the residence of Mrs. Hunter about three years. Several days ago he remarked to Mrs. Hunter: "I guess you think it strange that I am coming home and going to bed so early, but I am doing it to sleep away my troubles." He did not state what these troubles were.

Mr. Robertson had been in ill health for a long time. He was well known in this city, where he once lived, but most of his life he had spent in Fauquier county. He leaves a wife, who was a Miss Lynn.

The remains of Mr. Robertson will be sent to Broad Run, Fauquier county, tomorrow, and buried in the family lot there.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Philip Smith, charged with assaulting R. L. Harris, forfeited $5 collateral by failing to appear.

A resident of the southeastern section of the city, charged with assaulting his wife, was fined $10.

Frank Dolman and Henry Coleman, charged with vagrancy, were fined $5 each.

Grover Williams, John Carter and Luther Harrison, charged with disorderly conduct and fighting, had their case continued until Wednesday.

Mason Smith, Lewis Smith and Edward McDermott, charged with disorderly conduct, had their case continued until Wednesday.

Randolph Thompson, colored, charged with being drunk in the streets, was fined $2.50.

Sherman Baggett, charged with disorderly conduct, was dismissed with an admonition.

Fannie Brooks, colored, charged with assaulting Jennie Robinson, colored, was fined $2.

ACCIDENT TO MR. HOOFF.

Mr. Charles B. Hooff, president of the First National Bank, of this city, while coming out of the Jewish Synagogue, at Atlantic City on Saturday, fell and injured his leg. He was taken to his hotel and a physician sent for who had him taken to Dr. Emery Marvel's Sanitarium. An examination showed that Mr. Hooff had fractured his thigh. The limb was set, and he was made as comfortable as possible. A gentleman from this city in a letter to this office says: "I saw Mr. Hooff Saturday afternoon and he was bright and suffering no pain. Of course, to one of his age, it is a serious matter. His daughter is with him, and his family were notified by telegram."

A letter received here today from Atlantic City says that after a more careful examination it was decided that instead of a fracture of the bone it was a dislocation and that Mr. Hooff is cheerful and doing well.

THE SENATORIAL CONTEST.

State Senator Lewis H. Machen addressed a well-attended and enthusiastic meeting at Odd Fellows' Hall at Falls Church Saturday evening in the interest of his candidacy for renomination. He emphasized the fact that it was the custom in this district to return the Senator for a second term, if he wished to go back. Mr. A. J. Wedderburn also made a short talk. Mr. R. E. Thornton, another of Mr. Machen's opponents, who had been invited to attend the meeting and present his claims, did not appear. Senator Machen announced that he would speak in every part of the district and would be pleased to meet both of his opponents in joint debate.

ALL-NIGHT SCHEDULE.

The Washington, Alexandria and Mount Vernon Electric Railway Company will, it is reported, inaugurate an all-night service between Alexandria and Washington, commencing about October 1. By the new schedule there will be a car from each city every hour after midnight. About a year ago it was said that the electric railway company was about to inaugurate an all-night service between Alexandria and Washington. The new schedule, however, was never put in operation.

FINED TWENTY-FIVE DOLLARS.

The case of Fannie Brooks, colored, charged with assaulting Jennie Robinson, also colored, with a bottle on the steamer Jane Moseley on the 8th instant, came up in the Police Court this morning. The accused was fined $25. The evidence of a physician who attended the woman was to the effect that had not proper means been used on the steamer to check the flow of blood the woman would have died on her way up the river, as an artery had been severed.

RIVER NOTES.

Capt. Isaac Force, master of the tug Eugenia, is absent from the city, and Capt. George Laycock is temporarily in charge of the steamer.

Mr. James Wilkins has been appointed chief engineeer of the tug Eugenia and has entered upon the discharge of his duties.

RUMOR DENIED.

A report was in circulation on the streets today that Mr. Nelson Washington had been killed in the Potomac yards north of this city this morning. When the officials at those yards were asked over the telephone concerning the matter they said that no such accident had occurred there.

Wife Jabs Husband Kneeling At Coffin.

Pittsburg, August 19.—While Mrs. Frances R. Parker and her husband, W. C. Parker, were telling their marital troubles in Judge John D. Shafer's court yesterday afternoon, even the veteran judge, who has tried so many divorce cases, shook his head and declared that he did not see how it was possible for married people to act toward each other as they did. Mrs. Parker had brought the suit against her husband for divorce.

Parker is connected with a mercantile company of this city, and both he and his wife are young and well connected. Mrs. Parker is a beautiful brunette. They have been married two years.

Mrs. Parker charged that her husband would not purchase milk for their baby, but admitted that she had purchased five new hats last winter.

Parker declared that his wife was constantly endeavoring to cause him pain. He recalled one instance, when his father died some months ago. He said that while he was kneeling in tears at the coffin his wife entered the room and jabbed a hatpin into his body repeatedly to cause him additional pain. Parker also alleged that once he purchased a new dress for his wife, and she did not like it; so she very promptly tore the garment into stripes, and threw them out of the window, then took all of his clothes that she could find, and threw them out of the window also, and then went out and stamped them into the mud.

Judge Shafer decided that the couple would be far better off apart, and granted the wife a decree of divorce. The husband agreed to support her and their child.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. FIGHT FOR OPEN SHOP.

Thomas P. Preece, the vice president of the International Bricklayers' Union, who has arrived in Washington to take general charge of the strike, states that his organization has contributed $25,000 as a preliminary aid to the strike now in progress in that city, and that it will promptly add another $25,000 as soon as necessary. "And if that is not enough," he added, "we will raise as much more again.

"If we find that the money already contributed and promised is not sufficient," said Mr. Preece, "then each one of the million and a quarter of men who are affiliated all over America with the building trades will be assessed five cents a week. An assessement of only five cents a week will give us more than $60,000 a week, and if that does not prove to be enough we will make the assessement 10 cents a week, which will certainly prove sufficient.

"We are making the 'open shop' the entire issue and are determined that nothing but the 'closed shop' shall live in Washington."

Meanwhile the Employers' Association claims that the fight has been practically won because, although the union men have abandoned their places, the work has been carried on without delay by imported nonunion men. They have also made affiliations with employers' associations in Baltimore, Philadelphia and other cities, and claim they are experiencing no difficulty.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON,
Fairfax, Va., Aug. 17.

TO THE DEMOCRATIC VOTERS OF ALEXANDRIA CITY AND COUNTY:

I respectfully announce that I will be a candidate for re-election to the House of Delegates of Virginia, subject to the decision of the democratic primary to be held on the 10th day of September, 1907. I beg to express my sincere appreciation of the confidence expressed by my fellow citizens in conferring this honor upon me for three successive terms, and to assure them, if re-elected, that, as I have in the past, I will in the future devote my best energies and abilities to represent faithfully the interests of the constituency which has so often honored me.
